THEME AND BACKGROUND

Theme- Act Now,End Leprosy

BACKGROUND

International day is an opportunity to celebrate people who have experienced leprosy, raise awareness of the disease, and call for an end to leprosy-related stigma and discrimination.

The theme of World Leprosy Day 2023 is **"Act Now. End Leprosy."** This year's theme calls attention to three key messages:

1. Elimination is possible: We have the power and tools to stop transmission and defeat this disease.
2. Act now: We need the resources and commitment to end leprosy. Prioritize leprosy elimination.
3. Reach the unreached: Leprosy is preventable and treatable. Suffering from leprosy is needless.
